Suprema BioEntry W3

Rugged AI-Powered Access Control for Extreme Environments

Key Highlights

- • AI-Powered Facial Recognition – Ultra-fast authentication in 0.2 seconds
- • IK08 Vandal-Resistant Housing – Built to withstand heavy impacts
- • IP67 Waterproof & Dustproof – Reliable in extreme weather conditions

Ideal Applications

- • Industrial Facilities – Handles dust, vibration, and stress
- • Outdoor Installations – Reliable in rain, heat, and humidity
- • High-Traffic Zones – Fast recognition for smooth entry
- • Critical Infrastructure – Security and durability guaranteed

Why Choose Suprema BioEntry W3?

- • Combines AI intelligence, rugged design, and reliability
- • Ensures uninterrupted security and user convenience
- • Built for the harshest environments and toughest conditions

Final Word

- Suprema BioEntry W3 is more than an access control device — it’s a security powerhouse built for resilience. Whether for factories, outdoor facilities, or critical infrastructure, it ensures durability, precision, and peace of mind.
